Associate Provost's Remarks

Announced that GAAC meetings will be by Zoom through November 2021.

Minutes

The May minutes passed with no corrections.

Correspondence

None

REPORTS FROM COMMITTEE:

Dr. Lisa Fischer - Duolingo Score Concordance Update

Announced that in Spring 2020, Duolingo Score Concordance (DSC) replaced the English Language Proficiency Test due to the closing of test centers because of COVID. Below are key points to instituting the DSC:

- Focuses on general English with some academic content
- The test can be taken at home
- The DSC passing test score is 110, equivalent to the 550 TOEFL, which is aligned with other ivy league academic institutions

As a test, graduate programs are asked to use the DSC and include a writing component to help determine proficiency. The information collected will help determine how the DSC will be integrated into the graduate admission process.

Dr. James F. Duffy – Medicine Master’s in Medical Sciences

The Master s in Health Science proposal would allow students to gracefully exit the medical school program, acknowledging their successful completion of the science courses in the pre-clinical phases.

Committee provided feedback with
