- *What types of courses and/or departments show as an option for students to take this exam? Example: a biology course, a student will still need to take the course if they want to be in pre-medicine. Would the student then intentionally gravitate to options for general education?*
- *What are the overall buckets pertaining to the challenge exams?*
- *Is this in line with HLC requirements?*
- *What is the framework around the medical students and how would challenge exam credit move forward when the students enter medical school.*
- *How many of these challenge exams are students allowed to take and challenge out of a specific course. This should be limited to a specific number or 1 course only.*
- *What is the core trying to accomplish by being the foundation of our Jesuit education if a student can opt out of several courses?*
- *Is this offered for undergraduate students only?*
- *u*

- 
- *There was a query regarding the issuing of the badges. We are not developing a new system for badging; we will continue to utilize*
