Pharmacology/Physiology, leading to a well-rounded degree for students who want to continue their studies in professional/graduate school or want to work in industry. Details about specifics of these programs can be found here: <u>https://catalog.slu.edu/</u> <u>colleges-schools/arts-sciences/chemistry/chemical-biology-pharmacology-bs/</u> and <u>https://catalog.slu.edu/</u> <u>colleges-schools/arts-sciences/chemistry/chemical-biology-ms/</u>.

We have always had great students, both undergraduate and graduate. We have information on some of their awards later in the newsletter. In terms of the numbers, we have continued to grow as a department. We currently have almost 160 undergraduate majors, and we are graduating 24 undergraduate chemistry majors in 2019 (15 biochemistry and 9 chemistr
